INTEGRATED INTERNAL AUDITOR – 1 or 2 DAYS DURATION

Course objectives	To provide delegates with the skills required to perform internal audits on a management system meeting the requirements of ISO 9001, ISO 14001 & ISO 45001.
Benefits	<p>ISO 9001, ISO 14001 & ISO 45001 all contain a requirement to perform internal audits to ensure that the documented systems are operating effectively.</p> <p>More and more organisations now have systems which are registered to multiple standards and are seeking to reduce the impact of performing multiple internal audits.</p> <p>This course is designed to provide the knowledge and skills that will be needed to allow auditors to perform internal audits on an Integrated Management System (IMS).</p>
Who should attend?	Anyone who will be required to conduct internal audits on an IMS. The course can be run over 1 or 2 days as suits your individual needs.
In-house courses	This course can be tailored to meet your organisation's needs and held on your premises or at a suitable venue of your choice.
The course includes	<ul style="list-style-type: none">• Review and understanding of internal audit requirements• ISO 9001, ISO 14001 & ISO 45001 requirements• The common clauses• Identification of environmental aspects, impacts and hazards• Statutory and regulatory requirements• Planning and performing an IMS audit• Raising non-conformities• Reporting audit findings• Effective follow-up and close out of non-conformities
Certification	All delegates will be awarded a certificate verifying attendance and completion of the course.
