ISO 14001 INTERNAL AUDITOR COURSE – 1 DAY

Course objectives	To enable delegates to understand the basis of the ISO 14001 standard and have the confidence to conduct an effective internal audit.
Benefits	<p>ISO 14001 requires that the environmental management system must be audited internally. It also requires the certified company to audit for legal compliance. This course will enable you to determine not only the degree of compliance with its system but also opportunities for improvements.</p> <p>The course takes delegates through the whole system of planning and preparing for audits, through performing audits to reporting the findings in an effective manner which is beneficial to the company.</p> <p>The course also includes gaining understanding of the ISO 14001 Standard and its requirements, together with exercises in conducting an environmental risk assessment and internal auditing skills.</p>
Who should attend?	Anyone who will be required to perform internal audits of the environmental management system. It is preferable if delegates have some knowledge of ISO 14001 and/or their own environmental system prior to attending the course.
The course includes	<ul style="list-style-type: none">• An overview of environmental management and ISO 14001• Aspects and impacts and conducting a risk assessment• Environmental reviews against legislation and/or standards• Planning and preparing for an audit• Performing effective audits• Reviewing and reporting audit findings• Raising non-conformities• Reporting findings• Effective follow-up and close out of non-conformities
In-house or open course?	The course can be tailored to meet your organisation's needs and held on your premises or at a suitable venue of your choice. We can also include your delegates into one of our open courses held locally if you would prefer.
Integrated courses	This course can be integrated with the ISO 9001 and/or 18001 internal auditor's course. Please ask for details.
Certification	All delegates will be awarded a certificate verifying attendance and completion of the course.
